A Student Blessing

Leader: We pray for our students, whatever grade, at whatever age as they begin another year of education.

We pray for our elementary students, that they would develop a love of learning and a respect for those who teach them.

People: We pray that they learn early the importance of being kind to others and develop a confidence that encourages them but is tempered with humility.

Leader: We pray for our middle school students, that they would embrace learning as a rich opportunity to develop their minds, not just a series of tests to pass or list of assignments to complete.

People: We pray that they begin learning from every aspect of life just as they learn in the classroom. We pray that they learn the importance of making good friends and good choices.

Leader: We pray for our high school students that are gaining new found independence as they are learning to drive, date and make decisions on their own.

People: We pray that their actions and decisions may be guided by you and we pray for their safety in all things. We pray that in the pressure of preparing for the future they remember that learning is not a task but a way of life.

Leader: We pray for our college students, that they may enjoy learning from professors and from life.

People: We pray that their decisions may be guided by you and that their fears and doubts may be comforted by your love.

Leader: May each of our students rest in the assurance that they are a beloved child of God, called to learn and to teach God's goodness in all that they do. May the grace, wisdom and mercy of God guide them in this journey of learning called life. AMEN.
